

Title	Allocated	Project Lead
Eastern Virginia AREC Soybean Research Support	\$12,000.00	Joseph Carroll Oakes
AITC Interactive Agriculture Map	\$13,000.00	Tammy Maxey
Learning about the agriculture sectors in the USA and Abroad	\$7,000.00	Ozzie Abaye
Optimizing Early Season Soybean Management in Virginia	\$35,812.00	Carrie Ortel
Diagnosing the Potassium Nutritional Status of Virginia Soybean	\$44,319.00	Carrie Ortel
Virginia FFA Agronomy/Proficiency/Leadership	\$8,000.00	Jennifer Armstrong
Support for the US Soybean Research Collaborative	\$2,500.00	Katherine Stowe
On-Farm Investigation and Evaluation of Soybean Production Strategies for 2024	\$10,250.00	Scott Reiter
Development of Improved Soybean Varieties and Germplasm Adapted to Virginia	\$75,421.00	Bo Zhang
Wrap up: Development of Soybean Varieties and Germplasm with High Protein Digestibility Using both Genome Editing and Traditional Breeding Methodologies	\$18,792.00	Bo Zhang
Advance the Soybean Breeding Scheme by Integrating Traditional Selection and Modern Prediction Methods	\$63,818.00	Bo Zhang
Soybean Weed Management 2024	\$27,500.00	Michael Flessner
Development of Disease Resistant Soybean Germplasm	\$32,500.00	M. A. Saghai-Marooof
Testing the Effect of Protein Hydrolysate Biostimulants on the Yield of Soybeans	\$10,000.00	Guillaume Pilot
Building airborne inoculum surveillance networks for improved management of frogeye	\$21,115.00	Yuan Zeng
New herbicide options for managing herbicide resistance and volunteer brassica plants in	\$19,668.00	Vijay Singh
Identification of Perfect DNA Markers to Develop High Protein Soybean Cultivars	\$28,600.00	M. A. Saghai-Marooof
Showcasing Virginia Soybean Production to the World: ISTRO2024	\$13,245.00	Mark Reiter
Trials to evaluate nematode management products in Virginia soybeans and HG-typing	\$21,600.00	David Langston
Molecules and mechanisms of suppressive activity of Pseudomonas strain ORMW6 against soy disease	\$5,320.00	Mark Williams
Virginia Soybean Association FY24.25	\$352,960.00	Rachel Gresham
Regional Research Collaboration: Atlantic Soybean Council	\$5,000.00	Danielle Bauer Farace
Soy Aquaculture Alliance	\$25,000.00	Easton Kuboushek
Total	\$853,420.00
